Re: **New – Textbook on End Times** – for examination  
*Rose Guide to End-Times Prophecy*

Rose Publishing has partnered with Dr. Timothy Paul Jones to develop a first- class, academically rigorous, and theologically accurate book about the end times. Seminaries and Bible colleges often do not teach this important topic of the end times because of its controversial and polarizing nature. *Rose Guide to End-Times Prophecy*, however, takes "controversy" out of the theme and brings in clarity, objectivity, and scholarship. We believe that *Rose Guide to End-Times Prophecy* is the answer for those professors looking for a textbook for their existing classes or to create a brand new class.

We invite you to examine a copy of *Rose Guide to End-Times Prophecy* (see below for guidelines, links or mail address) and decide if it fits your existing class or your plans to teach on this topic.

### **Students love it**

Stunning graphics, full-color charts, beautiful images make this a textbook undergrads and graduate students will keep for years! Textbook covers every major prophetic passage and shows ways that Christians have explained them.

### **Professors love it**

Objective presentation of the four major views of the end times that Christians have held over the past 2,000 years. Well documented with 184 endnotes.

### **Endorsements**

"It doesn't take long for a discussion of the end times to get kooky, hyper-complex, or both. If you're afraid to talk about the last days because you're afraid you'll wind up gazing at byzantine prophecy charts or listening to someone talk about how you ought to be storing up food and weapons, this book is for you. Timothy Paul Jones, one of the most brilliant scholars in the Christian world, takes the words of Jesus seriously, all of them, including the ones about the end. He takes them so seriously that he refuses to hide them under a bushel of scholarly jargon or of sensationalistic hype. Read and be blessed."

**-Russell D. Moore, Provost, The Southern Baptist Theological Seminary**

"In the midst of eschatological debates and arguments, this book provides a refreshingly fair and irenic approach to a difficult and sensitive topic. It will certainly help the reader to understand the breadth of theological issues involved in discussing the end times. Most importantly, it places the reader's attention on the issue the Scriptures emphasize: the glory of God and His faithfulness to His Word. Having this biblical perspective makes this book a must read for those in the church to rightly grasp the content and beauty of eschatology."

**-Dr. Abner Chou, Master's College, Santa Clarita, CA**

"For decades, Christians have taken one side or another in the interpretation of the Bible's future events. I like the 'different views' approach because it allows believers to think and decide for themselves. Timothy's work avoids speculative extremes and helps us understand end-times prophecy from start to finish. I love the charts, diagrams, and pictures!"

**-Dr. Hal Seed, founding pastor, New Song Community Church**

Wheaton College, Denver Seminary (M.Div.), and Fuller Seminary (D.Min.)
